O R D E R:

In the letters 2nd and 4th read above, the Engineer-in-Chief (Irrigation), water Resources Department, Vijayawada based on the report of Chief Engineer, Krishna Delta System, Vijayawada has furnished a detailed proposal and recommended to Government for according permission for allocation of 1250 KLD or 0.016 TMC of water from Krishna River above Prakasam Barrage to the Krishna Milk Producers Mutually Aided Co-op Union Ltd., **for a period of 5 Years**, subject to the following terms and conditions :

1. The concurrence of the District Collector, NTR for the proposals has to be obtained for drawing the water.
2. The water can be spared subject to the availability of water in the Krishna River.
3. Water meters or suitable measuring devices should be installed by the Factory authorities at their own cost to measure the water consumed and should be made available to the Departmental authorities and the representatives of the user shall be present at all times of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
4. **The indusrty should pay the water rate at the existing rates. The Industrial water royalty charges may be revised by the Government from time to time and the Industry has to pay the revised rates as fixed by the Government from time to time. In case of failure to pay water rate/royalty, the permissions to draw water shall stands cancelled.**
5. The Factory authorities shall obtain the prior concurrence from concerned Departments for laying pipelines and for crossing etc. wherever necessary during any renovations to already laid pipeline.
6. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government, the lease should be paid as fixed by Government only during any renovations to already laid pipeline.
7. The Factory authorities should make their own arrangements to dispose the treated effluents as per norms of A.P Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their

natural sources. Necessary clearance from the A.P Pollution Control Board is to be obtained in this regard by the Factory authorities before drawl of water from the source.

8. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
9. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
10. The Factory authorities must pay the maintenance charges for construction of structures at the point of water drawl from the river.
11. The Factory authorities must strengthen the river margin 100 m, from the toe to the River Flood Bank.
12. The Factory authorities has to lay CC (1:4:8) before laying the pipeline and CC (1:2:4) over the Pipe line, refill the pipeline with proper soils and consolidate the banks as directed by the Department during any renovations to already laid pipeline.
13. The Factory authorities have to construct CC walls to avoid leakage at pipeline crossing during any renovations to already laid pipeline.
14. The water drawn from the Krishna River should be utilized for the purpose for which the permission is granted. Any misuse on this account shall entail cancellation for the permission without any notice and liable for imposition of penalty.
15. The Factory authorities should follow the Revenue Board Standing Orders.
16. The Factory authorities shall pay security deposit at 2.5% on 10 years water charges for which permission is granted.
17. The Factory authorities shall pay one-year water charges as advance and any amount due to the Department before entering into agreement.
18. The Factory authorities have to conclude agreement with the officers concerned of Water Resources Department.
19. The Factory authorities shall abide by R.C Act.-1884 and any other conditions laid down by the Government / WR Department from time to time.
20. The Factory authorities should make their own arrangements for summer storage in their premises only and to conclude agreements accordingly.
21. The Factory authorities have to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO.
22. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government.
23. The proposed drawl should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner.
24. The Department is no way responsible for any damages that may occur to the off-take point due to floods in Krishna River or on an account of any other reasons.
25. The permission does not confer any riparian right to the Factory authorities.
26. Non-Adherence to any of the above conditions by the Factory authorities will entail cancellation of the permission.
27. The Factory authorities have to produce the relevant records for Departmental verification at the end of each quarter periodically.
28. The concerned Executive Engineer will be responsible for enforcing these Conditions.
29. The firm has to obtain separate permission duly enclosing the drawings of pipe lines and lease amounts to be paid for the Government Land to be leased as per the prevailing norms.

2. After careful examination of the matter, Government hereby accord renewal permission to the Krishna Milk Producers Mutually Aided Co-op Union Ltd. for drawl of 1250 KLD or 0.016 TMC of water from Krishna River above Prakasam Barrage **for a period of 5 Years**, subject to the terms and conditions as mentioned at para above.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer, Krishna Delta System, Vijayawada and the Collector & District Magistrate of NTR District shall take necessary action accordingly.
